

Introducing

Perfect Fit Can Liners

Why use a liner that's too big or too small when you can use a Perfect Fit liner? New Earthsense Perfect Fit liners are made specifically for Slim Jim and Brute containers with 75% recycled content (clear liner made from 50% recycled content/30% post-consumer content) and fit perfectly! By using the Perfect Fit liners you will consume less plastic, which is better for the environment and "Perfect" for your budget.

- Third party certified (SCS) for recycled content; EPP Certified (Environmentally Preferable Product). Meets EPA CPG for recycled content – 10% post consumer. Certified to qualify for LEED credits.
- Ideal for state and local municipalities that mandate purchasing of recycled content products. Ideal for bid spec'ing.
- Extra heavy duty bags are suitable for all trash applications.
- Flat bottom construction eliminates bottom seal leaks and bags holds up to 30% more than star bottom counterparts.
- Individually folded bags dispense one-at-a-time for ease of use and portion control.
